900 Board Policy Series – Second and Final Reading (Exhibit 1):
The 900 series is the final board policy series for review this year. There is one policy I have been working on revising – Distribution of Materials 904.5. This policy (and the administration regulation) prohibits sending home materials with students.

Board Policy 103, 103.E1, 103.R1 – Second and Final Reading (Exhibit 2):
We have one board policy and it's exhibit and regulation that need revising in preparation for our site visit. We need to include several more categories in our non-discriminatory statement.

Board Policy 904.5R1 – First Reading (Exhibit 3):
The regulation that guides the distribution of materials has been revised to more accurately align with our change in manner of distribution using an on-line method. An attorney has been guiding me in this as the current regulation is crafted to protect students' right to free speech as required by law.

“Experiencing Success Today, Achieving Dreams Tomorrow”
This regulation has been modified to address non-student material distribution. Guidelines for distributing student materials are found in the 500 Board Policy series.

Approve Midterm Graduates:
Lee Griebel and I recommend the following students for mid-term graduation pending successful completion of all courses and credits. They are eligible to participate in the May graduation ceremony.
Zachary Chapman
Stacie Greer
Jenna Kool
Shawna Leimbacher
Shelby Schwieso

Central College student teaching contract (Exhibit 4):
I recommend approval of the student teaching agreement with Central College. This agreement specifies the conditions under which Central can place student teachers at ADM and what duties the school district will provide, chiefly the mentor teacher.

Bread Bids (Exhibit 5):
I recommend Board approval of the bread bid from Pan-O-Gold Baking Co. Liz solicited these bids due to Sarah Lee’s closing. Pan-O-Gold submitted the low bid and our purchasing from them will begin in January 2013.

Open enrollment out for 2012-13:
Alyssa Joint, 1st grade, from ADM to VM (good cause)
Katie Joint, K, from ADM to VM (good cause)
Kylie Ozbun, 1st grade, from ADM to Perry (continuation)

DES MOINES INDEPENDENT SCHOOL DISTRICT 28E AGREEMENT (Exhibit 6)
I recommend approval of the 28E agreement with the DM Independent School District. This 28E provides the ability for ADM students to attend Des Moines Central Campus – Regional Academy. Our students have, in the past, attended Central Campus to take vocational and other specialized courses. We have been limiting this as of late due to the cost involved to the district.

Approval of this 28E does not require us to send any students to Central Campus Regional Academy. It only provides the option. Included in your materials is a one-page document that describes how the funding for this program works. We will discuss at Monday’s meeting.

EASEMENT WITH CITY OF MINBURN (Exhibit 7)
I recommend approval of an easement with the City of Minburn to allow the City access to our Minburn property for the wastewater collection and treatment system improvements. All property owners in Minburn will be connected to this system. The easement grants the City access to install and maintain the service lines, grinder pumps and pit, and meter readout.

IASB BOARD OF DIRECTORS
I recommend approval of the ballot for Dan Woodin, Ames CSD, for IASB director. Once approved, we will mail the ballot back to IASB.

"Experiencing Success Today, Achieving Dreams Tomorrow"
Administrative Reports/Discussion items:

Facility Master Planning update:
Tom Wollan from FRK will be on hand to update the Board on the facility master planning progress. FRK has done capacity analysis on all buildings and utilized current enrollment numbers to begin to develop a picture of our space needs.

Actual design concepts are also being developed in very draft form as the long-range enrollment numbers will help shape our options to address enrollment growth in a big way. The work is exciting and I am ready to really get started after the first of the year.

Project Lead The Way update:
Luke Ashe and Bart Mueller will join us to discuss Project Lead the Way at both the high school and middle school. Luke teaches Principles of Engineering at the high school (the 2nd PLTW course) while Bart teaches Introduction to Engineering Design for high school students (first PLTW course) and the Gateway to Technology PLTW courses to middle school students. PLTW is a major addition to our secondary course programming and I am excited to have the board hear directly from the teachers.

Partnership in Comprehensive Literacy Model PC:
Carole spent another three days at UNI the week of December 3-7 and she will update us on PCL. This work will be foundational for the literacy improvement efforts at the elementary level for years to come.

Important dates:
December 21 End 2nd Quarter/End 1st Semester
December 24-January 1 Christmas Break
January 2 Workday
January 3 Classes resume

In this section, the board sets out its policies defining its relationship with the school district community. In striving to obtain the support of the school district community, the board will:

Printing of materials for the public at the expense of the school district will only occur when the event is sponsored by the school district.

COMMUNITY RESOURCE PERSONS AND VOLUNTEERS

The board recognizes the valuable resource it has in the members of the school district community. When possible and in concert with the educational program, members of the school district community shall be asked to make presentations to the students or to assist school district personnel in duties other than teaching. The school district may officially recognize the contributions made by volunteers on an annual basis.

Recruitment, training, utilization, and the maintenance of records for the purposes of insurance coverage and/or recognition of school district volunteers is the responsibility of the superintendent.
VISITORS TO SCHOOL DISTRICT FACILITIES

The board welcomes the interest of parents and other members of the school district community, and invites them to visit the school facilities. Visitors, which include persons other than school district personnel or students, must notify the principal of their presence in the facility upon arrival.

Persons who wish to visit a classroom while school is in session are asked to notify the principal and obtain approval from the principal prior to the visit so appropriate arrangements can be made and class disruption can be minimized. Teachers and other school district personnel shall not take time from their duties to discuss matters with visitors.

PUBLIC CONDUCT ON SCHOOL PREMISES

The board expects that students, employees and visitors will treat each other with respect, engage in responsible behavior, exercise self-discipline and model fairness, equity and respect. Individuals violating this policy will be subject to discipline. Students will be disciplined consistent with the student conduct policies. Employees will be disciplined consistent with employee discipline policies and laws. Others will be subject to discipline according to this policy.

Individuals are permitted to attend school sponsored or approved activities or visit school premises only as guests of the school district, and, as a condition, they must comply with the school district’s rules and policies. Individuals will not be allowed to interfere with or disrupt the education program or activity. Visitors, like the participants, are expected to display mature, responsible behavior. The failure of individuals to be so is not only disruptive but embarrassing to the students, the school district and the entire community.

To protect the rights of students to participate in the education program or activities without fear of interference or disruption and to permit the school officials, employees, activity sponsors and officials to perform their duties without interference or disruption the following provisions are in effect:

A. Abusive, verbal or physical conduct of individuals directed at students, school officials, employees, officials, or activity sponsors of sponsored or approved activities or at other individuals will not be tolerated.

B. Verbal or physical conduct of individuals that interferes with the performance of students, school officials, employees, officials, or activity sponsors of sponsored or approved activities will not be tolerated.

C. The use of vulgar, obscene or demeaning expression directed at students, school officials, employees, officials, or activity sponsors of sponsored or approved activities participating in a sponsored or approved activity or at other individuals will not be tolerated.

If an individual becomes physically or verbally abusive, uses vulgar, obscene or demeaning expression, or in any way interrupts an activity, the individual may be removed from the event by the individual in charge of the event.

Individuals removed from school premises have the ability to follow the board’s chain of command and complaint policies should they choose to do so. The exclusion is in effect should the individual choose to appeal the decision of the superintendent. The term “individual” as used in the policy also includes students and employees.
PUBLIC CONDUCT ON SCHOOL PREMISES

If an individual has been notified of exclusion and thereafter tries to enter a school building or attends a sponsored or approved activity, the individual will be advised that his/her attendance will result in prosecution. The school district may obtain a court order for permanent exclusion from the school building or from future school sponsored or approved activities.
DISTRIBUTION OF MATERIALS

The board recognizes that students, employees, parents or citizens may want to distribute materials within the school district that are non-curricular. Non-curricular materials to be distributed must be approved by the building principal and meet certain standards prior to their distribution.

It shall be the responsibility of the superintendent, in conjunction with the building principals to draft administrative regulations regarding this policy.

The Board of Education recognizes that effective communications are frequently a part of worthwhile civic and community projects.

However, students may not be used to convey promotional information except in those cases judged by the superintendent or his/her designee as directly related to the educational tasks of the school system.

Approval from the Superintendent or his/her designee is required before a person or agency may:

- Distribute or display print or electronic advertisement or promotional materials of any kind
- Make announcements of any nature
- Take up contributions on any school premises for any purpose

Any print or electronic promotional materials approved for display or distribution from a non-profit agency or organization must include the following statement:

"This is not an Adel Desoto Minburn Community School District publication, nor is it in any way endorsed or sponsored by the district. This publication is being provided only to inform you of other available community activities and opportunities."

It shall be the responsibility of the superintendent to draft administrative regulations regarding this policy.

DISTRIBUTION OF MATERIALS REGULATION

I. Guidelines
Students have the right to exercise freedom of speech. This includes the right to distribute, at reasonable times and places, unofficial written material, petitions, buttons, badges or other insignia, except expression which:

a. is obscene to minors;
b. is libelous;
c. contains indecent, vulgar, profane or lewd language;
d. advertises any product or service not permitted to minors by law;
e. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religion, gender, disability, age or ethnic origin);
f. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities will cause the commission of unlawful acts or the violation of lawful school regulations.

Distribution on school premises of material in categories (a) through (d) to any student is prohibited. Distribution on school premises of material in categories (e) and (f) to a substantial number of students is prohibited.

II. Procedures
Anyone wishing to distribute unofficial written material must first submit for approval a copy of the material to the building principal at least twenty-four (24) hours in advance of desired distribution time, together with the following information:

1. Name and phone number of the person submitting request and, if a student, the homeroom number;
2. Date(s) and time(s) of day of intended display or distribution;
3. Location where material will be displayed or distributed;
4. The grade(s) of students to whom the display or distribution is intended.

Within twenty-four (24) hours of submission, the principal will render a decision whether the material violates the guidelines in subsection I or the time, place and manner restrictions in subsection III of this policy. In the event that permission to distribute the material is denied, the person submitting the request should be informed in writing of the reasons for the denial. Permission to distribute material does not imply approval of its contents by the school, the administration, the board or the individual reviewing the material submitted.

ADEL DESOTO MINBURN COMMUNITY SCHOOL DISTRICT BOARD OF DIRECTORS
DISTRIBUTION OF MATERIALS REGULATION

If the person submitting the request does not receive a response within twenty-four (24) hours of submission, the person shall contact the building principal’s office to verify that the lack of response was not due to an inability to locate the person. If the person has made this verification and there is no response to the request, the material may be distributed in accordance with the time, place and manner provisions in subsection III.

If the person is dissatisfied with the decision of the principal, the person may submit a written request for appeal to the superintendent. If the person does not receive a response within three (3) school days of submitting the appeal, the person shall contact the superintendent to verify that the lack of response is not due to an inability to locate the person. If the person has made this verification and there is no response to the appeal, the material may be distributed in accordance with the time, place and manner provisions in subsection III.

At every level of the process the person submitting the request shall have the right to appear and present the reasons, supported by relevant witnesses and material, as to why distribution of the written material is appropriate.

III. Time, Place and Manner of Distribution
The distribution of written material is prohibited when it blocks the safe flow of traffic within corridors and entranceways of the school or otherwise disrupts school activities. The distribution of unofficial material shall be limited to a reasonable time, place and manner as follows:

1. The material shall be distributed from a table set up for the purpose in a location designated by the principal, which location shall not block the safe flow of traffic or block the corridors or entrance ways, but which shall give reasonable access to students.

2. The material shall be distributed either before and/or after the regular instructional day.

3. No written material may be distributed during and at the place of a normal school activity if it is reasonably likely to cause a material and substantial disruption of that activity.

IV. Definitions
The following definitions apply to the following terms used in this policy:
1. "Obscene to minors" is defined as:
   a. The average person, applying contemporary community standards, would find that the written material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;
   b. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, and lewd exhibition of the genitals; and
   c. The material, taken as a whole, lacks serious literary, artistic, political or scientific value for minors.

2. "Minor" means any person under the age of eighteen (18).

3. "Material and substantial disruption" of a normal school activity is defined as follows:
   a. Where the normal school activity is an educational program of the district for which student attendance is compulsory, "material and substantial disruption" is defined as any disruption that interferes with or impedes the implementation of that program.
   b. Where the normal school activity is voluntary in nature (including, without limitation, school athletic events, school plays and concerts, and lunch periods), "material and substantial disruption" is defined as student rioting; unlawful seizures of property, widespread shouting or boisterous demonstration, sit-in, stand-in, walkout, or other related forms of activity.

   In order for expression to be considered disruptive, there must exist specific facts upon which the likelihood of disruption can be forecasted including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

4. "School activities" means any activity of students sponsored by the school and includes, by way of example but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and in-school lunch periods.
5. "Unofficial" written material includes all written material except school newspapers, literary magazines, yearbooks, and other publications funded and/or sponsored or authorized by the school. Examples include leaflets, brochures, flyers, petitions, placards and underground newspapers, whether written by students or others.

6. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower him/her in the esteem of the community.

7. "Distribution" means circulation or dissemination of written material by means of handing out free copies, selling or offering copies for sale and accepting donations for copies. It includes displaying written material in areas of the school that are generally frequented by students.

V. Disciplinary Action
Distribution by any student of unofficial written material prohibited in subsection I or in violation of subsection III may be halted, and students may be subject to discipline including suspension and expulsion. Any other party violating this policy may be requested to leave the school property immediately and, if necessary, local law enforcement officials will be called.

VI. Notice of Policy to Students
A copy of this policy will be published in student handbooks and posted conspicuously in school buildings.
The ADM School District is implementing a new approach for distributing flyers from non-profit community members for whom approval is granted (see Board Policy 904.5) beginning January 2013. Students may be transported in private vehicles for school purposes. It shall be within the discretion of the superintendent to determine when this is appropriate.

Individuals transporting students for school purposes in private vehicles must have the permission of the superintendent. The school district assumes no responsibility for those students who have not received the approval of the superintendent and who ride in private vehicles for school purposes.

This policy statement applies to transportation of students for school purposes in addition to the regular bus route transporting students to and from their designated attendance center.
ADVERTISING AND PROMOTION

The use of students, the school district name, or its facilities for advertising and promoting products and/or services of entities and organizations may be allowed if prior approval has been obtained from the appropriate building principal and superintendent according to the following guidelines:

• The advertising of the service/product does not interfere with the educational mission of the school district.

• Does not cause substantial disruption of delivery or receipt of school services.

• Is not illegal for students or prohibited by school district policy.

• Does not supplant the services or programs made available to students by the school district.

• All products or services being advertised are made available to all students in accordance with the school district’s policies regarding non-discrimination.

• The school does not become an environment wherein students and/or faculty are subjected to manipulation for commercial purposes.

Corporate/business logos may be used discreetly to recognize participation with or sponsorship of school district programs and activities or contributions to school facilities or equipment. The teacher and the principal may use teaching materials that include a discreet use of a corporate logo when the materials contribute in a meaningful way to the educational program of the school as determined.

Advertising at school district athletic facilities or during athletic events is permitted when approved by the appropriate principal, athletic director, and superintendent in accordance with the above guidelines.

GRIEVANCE PROCEDURE

Students, parents of students, employees, and applicants for employment in the school district will have the right to file a formal complaint alleging discrimination under federal or state regulations requiring non-discrimination in programs and employment.

Level One - Principal, Immediate Supervisor or Personnel Contact Person (Informal and Optional - may be bypassed by the grievant)

Employees with a complaint of discrimination based upon their race, color, age, national origin, sex, sexual orientation, gender identity, marital status, socioeconomic status, disability, religion, and creed are encouraged to first discuss it with their immediate supervisor, with the objective of resolving the matter informally. An applicant for employment with a complaint of discrimination based upon their race, color, age, national origin, sex, sexual orientation, gender identity, marital status, socioeconomic status, disability, religion, and creed are encouraged to first discuss it with the personnel contact person. This paragraph is for employees and "marital status" isn't a protected class for employees.

A student, or a parent of a student, with a complaint of discrimination based upon their race, color, age, national origin, sex, sexual orientation, gender identity, marital status, socioeconomic status, disability, religion, and creed are encouraged to discuss it with the instructor, counselor, supervisor, building administrator, program administrator or personnel contact person directly involved.

Level Two - Compliance Officer

If the grievance is not resolved at Level One and the grievant wishes to pursue the grievance, the grievant may formalize it by filing a complaint in writing on a Grievance Filing Form, which may be obtained from the Compliance Officer. The complaint will state the nature of the grievance and the remedy requested. The filing of the formal, written complaint at Level Two must be within 15 working days from the date of the event giving rise to the grievance, or from the date the grievant could reasonably become aware of such occurrence. The grievant may request that a meeting concerning the complaint be held with the Compliance Officer. A minor student may be accompanied at that meeting by a parent or guardian. The Compliance Officer will investigate the complaint and attempt to resolve it. A written report from the Compliance Officer regarding action taken will be sent to the involved parties within a reasonable time after receipt of the complaint.

Level Three - Superintendent/Administrator

If the complaint is not resolved at Level Two, the grievant may appeal it to Level Three by presenting a written appeal to the superintendent within five working days after the grievant receives the report from the Compliance Officer, the grievant may request a meeting with the Superintendent. The superintendent may request a meeting with the grievant to discuss the appeal. The superintendent will render a decision within a
GRIEVANCE PROCEDURE
reasonable time after the receipt of the written appeal. If, in cases of disability grievances at the elementary and secondary level, the issue is not resolved through the grievance process, the parents have a right to an impartial hearing to resolve the issue.

This procedure in no way denies the right of the grievant to file formal complaints with the Iowa Civil Rights Commission, the U.S. Department of Education Office for Civil Rights http://www.state.ia.us/government/crc/index.html or Office of Special Education Programs, the Equal Employment Opportunity Commission, or the Iowa Department of Education for mediation or rectification of civil rights grievances, or to seek private counsel for complaints alleging discrimination.

Level Four - Appeal to Board

If the grievant is not satisfied with the superintendent's decision, the grievant can file an appeal with the board within five working days of the decision. It is within the discretion of the board to determine whether it will hear the appeal.

DISTRIBUTION OF MATERIALS REGULATION

I. Guidelines
Students have the right to exercise freedom of speech. This includes the right to distribute, at reasonable times and places, unofficial written material, petitions, buttons, badges or other insignia, except expression which:

a. is obscene to minors;
b. is libelous;
c. contains indecent, vulgar, profane or lewd language;
d. advertises any product or service not permitted to minors by law;
e. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religion, gender, disability, age or ethnic origin);
f. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities will cause the commission of unlawful acts or the violation of lawful school regulations.

Distribution on school premises of material in categories (a) through (d) to any student is prohibited. Distribution on school premises of material in categories (e) and (f) to a substantial number of students is prohibited.

The Board of Education recognizes that effective communications are frequently a part of worthwhile civic and community projects.

However, students may not be used to convey promotional information except in those cases judged by the Superintendent or his/her designee as directly related to the educational tasks of the school system.

Approval from the Superintendent or his/her designee is required before a person or agency may distribute or display print or electronic advertisement or promotional materials of any kind; make announcements of any nature; or take up contributions on any school premises for any purpose.

The content of any promotional information shall be reviewed in accordance with relevant District policies and regulations.

II. Procedures
Anyone wishing to distribute unofficial written material must first submit for approval a copy of the material to the building principal at least twenty-four (24)
DISTRIBUTION OF MATERIALS REGULATION

Within twenty-four (24) hours of submission, the principal will render a decision whether the material violates the guidelines in subsection I or the time, place and manner restrictions in subsection III of this policy. In the event that permission to distribute the material is denied, the person submitting the request should be informed in writing of the reasons for the denial. Permission to distribute material does not imply approval of its contents by the school, the administration, the board or the individual reviewing the material submitted.

If the person submitting the request does not receive a response within twenty-four (24) hours of submission, the person shall contact the building principal’s office to verify that the lack of response was not due to an inability to locate the person. If the person has made this verification and there is no response to the request, the material may be distributed in accordance with the time, place and manner provisions in subsection III.

If the person is dissatisfied with the decision of the principal, the person may submit a written request for appeal to the superintendent. If the person does not receive a response within three (3) school days of submitting the appeal, the person shall contact the superintendent to verify that the lack of response is not due to an inability to locate the person. If the person has made this verification and there is no response to the appeal, the material may be distributed in accordance with the time, place and manner provisions in subsection III.

At every level of the process the person submitting the request shall have the right to appear and present the reasons, supported by relevant witnesses and material, as to why distribution of the written material is appropriate.

28E Agreements and Senior Year Plus  
(Concurrent Enrollment/Shared Programming)  

How does Funding Work?

I. 28E Agreement with Central Campus

Cost to Sending District (paid to DMPS)
The sending district pays DMPS the percent of the annual state student aide for the % of time the student attends Central Campus

Student attending Central Campus for four blocks for one year = $6069* x .5 = $3034
Student attending Central Campus for two blocks for one year = $6069 x .25 = $1517

II. 28E Agreements and Senior Year Plus (Concurrent Enrollment/Shared Programming)

Payment to Sending District (received from state)
The sending district reports the 28E arrangement to the state through Project Easier and receives funding based on the following formula:
(# of students) x (% of shared time) x (length of year) x (Academic/CTE class**) x (state student aide)

Example:

**Academic Class Reimbursement:
four blocks, full year: .5 x 1 x .46 x 6069 = $1400
two blocks, full year: .25 x 1 x .46 x 6069 = $700

**Career and Technical (CTE) Class Reimbursement:
four blocks, full year: .5 x 1 x .70 x 6069 = $2124
two blocks, full year: .25 x 1 x .70 x 6069 = $1062

III. Net Cost

Net Cost for District to send student to Central Campus (difference between payment to DMPS and reimbursement from state)
