Pending successful background checks, new contracts were offered to Melissa Madsen, guidance counselor and Paul Nelson, geography teacher, effective for the 2013-14
school year. Board Policy #402.6, Insurance, received the second and final reading. This policy changes the health insurance eligibility from twenty hours per week to thirty hours per week. Current employees participating in health insurance coverage that work between twenty and thirty hours per week will be allowed to continue on their plan until they drop coverage or their hours are reduced below twenty. The 2013-14 school fees will remain at the same rate as the current year. The lunch and milk fees for 2013-14 will be approved at the June meeting. The UNI Cooperative Agreement to place student teachers at ADM was accepted. The Iowa Association for Educational Purchasing agreement for 2013-14 was approved. The intergovernmental agreement for school-based supervision between Juvenile Court Services and the Iowa Department of Human Services was approved. The job descriptions for Director of Buildings and Grounds, Middle School Dean, and Technology Support Technician were approved. Pending successful completion of all credits and requirements, the list of graduating students was accepted. Welcome of Visitors/Open Forum: President Canney welcomed visitors and invited public comments during Open Forum. Senator Jake Chapman presented a certificate for ADM High School for being named one of the top high schools in Iowa by US News and World Report.

2012-13 Budget Amendment Hearing: At 7:26 p.m., President Canney opened the 2012-13 budget amendment hearing. Business Manager Gee stated the 2012-13 budget amendment was published as required. The amendment increases the expenditures in the other category of the certified budget due to the roof and door upgrades at the DeSoto building. The budget amendment has no impact on taxes or fees: it authorizes expenditures for existing revenue. Being there were no written or spoken comments received, President Canney closed the budget hearing.

2012-13 Budget Amendment Determination: It was moved by Collins, seconded by Banwart, to approve the FY13 Amendment to Budget as presented. Motion carried unanimously.

2013-14 New Staff Positions: It was moved by Roby, seconded by Book to approve the new positions for 2013-14 including a second grade teaching position (1.0 FTE), three part-time office assistants (.5 FTE each), and a part-time technology support technician (.5 FTE). Motion carried unanimously.

Contract Extensions for Nurse and Gifted & Talented Teacher: It was moved by Banwart, seconded by Roby to increase the part-time RN position from .5 to .75 FTE, and to increase the MS/HS GATE teacher position from .6 FTE to .75 FTE. Motion carried unanimously.
School Messenger Parent Notification System: Technology Director Adam Kurth explained the capabilities of the School Messenger Parent Notification System. This system gives the District a method of communicating with parents over text, email, and phone very quickly. It was moved by Book, seconded by Roby to approve the quote for $2,920 for the School Messenger Parent Notification System. Motion carried unanimously.

Resolution Authorizing the Redemption of $2,505,000 School Infrastructure Local Option Sales and Services Tax Revenue Bonds, Series 2006, Dated May 1, 2006: Director Collins introduced the resolution for adoption and Director Banwart seconded the motion to adopt. A roll call vote was taken with 5 ayes. President Canney declared the Resolution adopted as follows: "RESOLUTION AUTHORIZING THE REDEMPTION OF $2,505,000 SCHOOL INFRASTRUCTURE LOCAL OPTION SALES AND SERVICES TAX REVENUE BONDS, SERIES 2006." Four hundred five thousand is still outstanding, all of which is being called for redemption on July 1, 2013, as described in Schedule A attached to the Resolution. The prior Debt Service Reserve Fund of the 2006 Bonds plus sales tax revenues which the district has accumulated in the sinking fund, are sufficient to pay in full the redeemed bonds.

Agreement for Ethernet Services: Technology Director Adam Kurth spoke about the need to upgrade Ethernet services due to usage. It was moved by Banwart, seconded by Book to approve the contract amendment with ICN for Ethernet services. This contract is an upgrade to 85 MB and calls for a new monthly charge of $914.84. Motion carried unanimously.

Early Retiree June Contract Days: It was moved by Roby, seconded by Collins to allow Lana Shea who is retiring at the end of the 2012-13 school year to take one day of her contract as leave without pay in order to end her contract in May. Motion carried unanimously.

Roof Replacement Quote for DeSoto Intermediate: Superintendent recommended approval of the proposal from RL Craft to replace the 1990 addition roof sections (1, 2, and 4) for $108,928. A second proposal was solicited from Central States Roofing but they did not submit a bid due to their work schedule being full for the summer. It was moved by Banwart, seconded by Book, to approve the quote from RL Craft for replacement of the 1990 addition roof sections for $108,928. Motion carried unanimously.

Administrative Reports:

Professional Development Update: Elementary teachers Amy Reis, Jennifer Rife, Tiffany Herr, Kristin Rourk and high school teachers Della Weems, Molly Longman, Jacque Seidl, Beth Knipper, and Natalie Jenison provided the board with an update on the written language curriculum. Technology Director Adam Kurth gave an update on the computer technology curriculum revision work done this year.
Iowa Tests Report and Annual Progress Report Goals Update: Superintendent reviewed the District student achievement goals noting that ADM met the APR goal in reading but did not meet APR goals in math or science.

Advanced Placement Report - AP Index: Superintendent shared the AP Index as published by the Belin-Blank Center for Gifted Education and Talent Development. The AP index is a ratio that gives a measure of the Advanced Placement opportunities at a school. Based on 2012 data, ADM is 29th on the 2013 Iowa AP Index.

Facility Master Planning Update: Superintendent gave a brief update on the progress of the facility committee. FRK will update the Board further at the June board meeting.

Adjournment:
It was moved by Roby, seconded by Book, to adjourn. The motion carried unanimously. President Canney adjourned the meeting at 8:05 p.m.

Minutes approved as Tim Canney, President

SUBJECT: Memorandum for May 13, 2013

School Board Appreciation Dinner – 5:30 pm
Please come early for a dinner in your honor. We will have sub sandwiches, chips, and cookies in honor of School Board Recognition Week. On behalf of the ADM administrative team, I thank all of you for your leadership and commitment to the students of ADM!

Honoring Excellence:
Kim Wolf is this month’s recipient of Honoring Excellence. Kim teaches at Adel Elementary and has demonstrated excellence in the classroom during her career and she provided leadership at both the building and district level.

Sondra Hovey is the second Honoring Excellence recipient this month. Sondra is the administrative assistant at DeSoto Intermediate and does a great job serving the staff, students, and parents of DS.

Personnel contracts:
I recommend the following resignations/terminations:
Sandra Argatsinger, AE Food Server/Worker I, effective at the end of the 2012-13 school year
Lorraine Corbin, AE Food Server/Worker I, effective 4/19/13
Zoe Fouch, AE Teacher Associate, effective at the end of the 2012-13 school year
Stacy Hyziejwicz, AE Teacher Associate, effective at the end of the 2012-13 school year
Marilyn Keltner, HS Teacher Associate, effective at the end of the 2012-13 school year
Deb Smith, DS Teacher Associate, effective at the end of the 2012-13 school year
Ronna Studyvin, Concession Manager, effective 5/31/13
Noele White, AE teacher associate, effective at the end of the 2012-13 school year
Jill Whitson, Bus Driver, effective 5/3/13

I recommend the following new contracts:
Melissa Madsen, HS Guidance Counselor, MA, Step 1, effective for the 2013-14 school year
Paul Nelson, 7th grade Geography Teacher, BA, Step 10, effective for the 2013-14 school year

Second and final reading of Board policy 402.6 “Insurance” (Exhibit 1):
We are recommending a change to our insurance eligibility criteria in response to the Affordable Care Act. Our current policy language allows an employee who works at least (20) hours per week to get insurance coverage at a pro-rated amount. To align with the Affordable Care Act definition of who the District is required to offer insurance to and simplify record keeping, I recommend we change the policy language to 30 hours per week. There are currently four staff members who are choosing coverage that work less than 30 hours per week, one certified staff and three classified staff. We could elect to grandfather these four employees so that they don’t lose their eligibility. Two of them turn 65 in the fall so may choose to go off of our plan and hours may increase for the other two. If that happens, there would be no current employees who have elected to take insurance affected by this change.

“Experiencing Success Today, Achieving Dreams Tomorrow”
2013-14 School Fees:
We recommend keeping the school fees the same as the current school year. Lunch and milk fees will be decided at the June meeting, as changes may be forthcoming.

Cooperative Agreement for student teachers – UNI (Exhibit 2):
I recommend approval of the agreement for pre-service placements (student teachers) with UNI.

IAEP Cooperative Agreement 2013-14 (Exhibit 3):
The district has participated in the cooperative food-purchasing program for many years. The federal requirements for bidding will be satisfied by the procedures instituted and followed by Liz Severidt, Food Service Director. Approval is recommended.

School Liaison Officer contract with Juvenile Court Services for the Fifth Judicial District, the Iowa Department of Human Services (Exhibit 4):
I recommend approval of the SLO contract with Juvenile Court Services. This contract with Darcy Simpson is a continuation of services. ADM shares 50% the cost of our SLO with DHS (section 5.1). Darcy works four days on-site at ADM and one day per week at Juvenile Court Services. Darcy provides critical services to our at-risk and adjudicated students.

Director of Buildings and Ground Job Description (Exhibit 5a):
I recommend approval of the Director of Buildings and Grounds job description. There are just a few adjustments from the previous job description. We are still in the process of screening candidates and moving through the hiring process. There is also a chance that this position could be less than full time. That will be resolved in the coming weeks.

Middle School Dean Job Description (Exhibit 5b):
The Middle School Dean position is also adjusted as it is more focused on the middle school and not across grades 6-12. This half-time position has not been filled yet and the process is ongoing. I recommend approval of this job description.

Technology Support Technician Job Description (Exhibit 5c):
Adam Kurth has developed a job description for the part-time technology support position that we will be seeking to hire this summer. This position will be a hands-on technology support position that focuses on repair and maintenance issues. This will allow Adam much more time for professional development and other major focus areas, including assisting me with communications, web site, etc.

Approve graduates (Exhibit 6):
I recommend the list of students in your exhibit for graduation pending successful completion of all credits and requirements.

Open enrollment in for 2012-13:
Starlie Cross, 1st grade, from WCV to ADM (good cause)
Beau Wahlert, Kindergarten, from WCV to ADM (good cause)

Open enrollment out for 2012-13:
Bryan Lamb, 5th grade, from ADM to Johnston (continuation)
Colby Lamb, PreK, from ADM to Johnston (continuation)
Tyler Lamb, K, from ADM to Johnston (continuation)

"Experiencing Success Today, Achieving Dreams Tomorrow"
Open enrollment in for 2013-14:
Josephine Steinkamp, K, from Earlham to ADM (met timeline)

State Senator Jake Chapman will be on hand to present a certificate for ADM High School being named one of the top high schools in Iowa by US News and World Report during our visitors and open forum portion of the agenda.

2012-13 BUDGET AMENDMENT HEARING (Exhibit 7)
The 2012-13 budget amendment was published in The Dallas County News on April 25th and gave notice that comments will be received from the public at a hearing at this meeting.

2013-14 BUDGET AMENDMENT DETERMINATION
I recommend approval of the amendment to the 2012-13 budget. The budget amendment has no impact on taxes or fees; it authorizes the expenditure of existing revenues that were not known at the time of budget certification in April 2012.

NEW STAFF 2013-14
I recommend the following new positions for 2013-14:

2nd grade - 1.0 FTE
This position allows us to keep our current first grade class at seven sections in 2nd grade. We are maintaining seven sections of kindergarten for next year, so the 2nd grade position is an additional FTE.

Office Assistants - 1.5 FTE (classified)
These positions will allow us to have administrative office help at AE, DS, and the MS. The growing workload and demands on the sole administrative assistant in one building is too much. I also feel these positions will positively affect the ability of the administrative assistants to provide more support for the principals, which is sorely needed. Our principals do a great deal of work that could be delegated to their assistant if there is enough margin in their daily schedule to allow for this. The office assistants will allow this to happen.

Technology Support Technician - .5 FTE
This position will report to Adam and focus on repair and maintenance technology work. The benefit to this is that Adam will have much more time to devote to technology professional development, curriculum work, individual work with teachers, long-term planning, etc. With our heavy investment in technology through the PPEL, this position is very necessary so we can continue to improve student learning through effective use of technology.

NURSE AND GATE CONTRACT EXTENSIONS
I recommend the following contract extensions in our nursing and GATE programs. I recommend increasing Morgan Fountas’ contract from .5 to .75 FTE. This still leaves us less than ideal for nursing coverage, but it continues our slow increase. This would give us 1.75 FTE overall. We continue to see more and more complex health concerns in our district, like diabetes, that require professional management.

I also recommend increasing our 6-12 GATE teacher contract (Jane Clowser) from .6 to .75 FTE. This increase would be covered through our GATE categorical funds. Jane has brought many improvements and strong focus to our secondary GATE program and I want to see that continue to grow. The additional FTE allows Jane to be here almost four full days a week instead of three.

“Experiencing Success Today, Achieving Dreams Tomorrow”
SCHOOL MESSENGER PARENT NOTIFICATION SYSTEM (Exhibit 8)
I recommend approval of the School Messenger Parent Notification System for $2,920 next year. Adam Kurth will be on hand to review the capabilities of the program and describe the wide array of information that can be distributed through this system. Primarily, this system gives us a method of communicating with parents over text, email and phone very quickly. Adam will also discuss the other ways that the system can be used— including attendance calls, sending newsletters as attachments, classroom teachers using to communicate upcoming tests/events, etc.

RESOLUTION AUTHORIZING THE REDEMPTION OF $2,505,000 SCHOOL INFRASTRUCTURE LOCAL OPTION SALES AND SERVICES TAX REVENUE BONDS, SERIES 2006, DATED MAY 1, 2006 (Exhibit 9)
It is our recommendation to call for redemption of the Local Option Sales and Services Tax Revenue Bonds, Series 2006, dated May 1, 2006, which $405,000 is currently outstanding. The district will save a little over $8,000 in interest cost by calling the bonds in early. The resolution language is found in this Exhibit.

AGREEMENT FOR ETHERNET SERVICES — ICN CONTRACT AMENDMENT (EXHIBIT 10)
I recommend approval of the contract amendment with the Iowa Communications Network (ICN) for Ethernet services. This contract provides premium internet services and is an upgrade to 85 MB. The contract calls for a new monthly charge of $914.84.

EARLY RETIREE JUNE CONTRACT DAYS
Nancy Gee, Business Manager, has a request from Lana Shea, who is retiring under the district’s Early Retirement Plan, to be allowed to take one day of her 2012-13 contract as leave without pay in order to end her contract in May. This would allow Lana to begin receiving her first IPERS check in June.

ROOF REPLACEMENT QUOTE FOR DS INTERMEDIATE (Exhibit 11)
I recommend approval of the proposal from RL CRAFT to replace the 1990 addition roof sections (1, 2, and 4) for $108,928.00. A second proposal was solicited from Central States Roofing. They did not submit a bid due to their work schedule being full for the summer.

RL CRAFT has done the bulk of our most recent roof replacements and they have been doing our roof repairs as well. I have great confidence in them and have received great customer service.

These sections at DS are the first set of priorities for roof replacements as determined by a comprehensive study of our roofs by RL CRAFT. They utilized a previous roof study done by EMC insurance several years ago as well as their own detailed analysis of all of our roofs.

These sections have been leaking significantly this spring. The specifications for this replacement call for a fully adhered membrane, not rock ballasted. Our current roof has experienced much pulling away from the walls and the fully adhered membrane will provide better, longer performance.

Administrative Reports/Discussion items:

Professional Development and Curriculum Updates:
Carole Erickson will have a group of teachers from AE to provide the board with an update on the written language curriculum/professional development. We have heard from most of the building groups this year as we are in the first year of implementation.
Adam Kurth will also update the board on our computer technology curriculum revision work done this year. We are very excited about the coherence and focus our PK-12 technology curriculum will have. Adam will also detail the changes in store for our computer course offerings at the high school. We are extremely excited about these changes and the progression of new courses over the next two-three years.

Iowa Tests Report and Annual Progress Report Goals Update (Exhibit 12)
I am planning on giving the board a brief review of our 2012-13 Iowa Assessment results at our meeting. This will also include an update on our APR student achievement goals in reading, math, and science.

Advanced Placement Report – AP Index (Exhibit 13)
We have received our AP index rating again for 2013 (based on 2012 test data). ADM is still in the Top 50 schools in Iowa at 29. Last year we were 14th. This is a strong measure of the number of students electing to take AP courses and take the AP exam.

Facility Master Planning Update
I will provide the board with a brief update of the Facility Master Planning committee work. Our next meeting is the 14th, and I will provide a preview of our meeting.

Important dates:

May 31 Last day for students – 1:45 pm dismissal

Call to Order/Roll Call: President Tim Canney called the meeting to order. Roll call was taken. Present were Vice President Kim Roby, Kelli Book, President Tim Canney, and Bart Banwart. Rod Collins arrived at 7:01.

Joint Meeting with Adel City Council and Dallas County Board of Supervisors to Discuss County Administrative Facility Needs: President Canney welcomed the Dallas County Board of Supervisors, Mark Hanson, Kim Chapman, and Brad Golightly and the Adel City Administrator Brett Klein, and Council members Shirley McAdon, Jon McAvoy, Dale Swanson, and Mayor Jim Peters. Mr. Canney summarized the School Board’s understanding of the timing of consideration of the old Middle School site for a new county facility beginning with the first proposal from Supervisor Chapman to Superintendent Dufoe on April 1, 2013. The scenario included the razing of the building and utilization of the land, with the gymnasium open to further discussion. Prior to this meeting, the school had only informally heard that the school building itself was not an option under consideration of the County Board and there was never any mention of the school grounds. On April 9, 2013, Supervisor Chapman met with City Council members and the proposal was presented in greater detail. At the County Board meeting on April 16, 2013, Supervisor Chapman presented the proposed scenario to the other supervisors. At that meeting, a City representative requested the County delay their referendum vote for 3 months in order for the City and School to conduct its due diligence and respond if the entities could provide the County with a “shovel ready” building site that meets the needs of the County.

In summary, both the School and City are extremely interested in pursuing the concept and will make great efforts to expedite examination of the concept and attempt to meet the needs of the County. Proper due diligence in the most expedited manner will take at least 2-3 months to consider all financial, legal, logistical and civic-related factors.

City Council member Dale Swanson asked the County if they could delay their August date for the bond election.
County Supervisor Mark Hanson discussed the needs of the County due to space and extensive growth in the County. The County had studies done and now they are ready to move forward. Delaying the bond could mean higher construction cost. There was also some concern that if the County did delay the decision on the site, the City and School still may not be able to provide the site as needed by the County.

Mr. Klein asked the County to provide the City with parameters of their needs for that site to be considered the first choice for the County’s administrative offices.

Mayor Peters reminded the County that the idea brought by Mr. Chapman was less than a month ago. No one is disputing the fact that the County needs space but it’s just not possible for us to have the site “shovel ready” for an August election date.

Discussion ensued.

Adjournment: It was moved by Banwart seconded by Book to adjourn. The motion carried unanimously. President Canney adjourned the meeting at 7:56 p.m.

Joint Meeting – ADM School Board, Adel City Council and Dallas County Board of Supervisors

I. Welcome and Introductions

Thank you everyone for attending this joint meeting of the Dallas County Board of Supervisors, Adel City Council and ADM School Board. We are appreciative of the opportunity to have all three governmental agencies here tonight to discuss County administrative facility planning.

III. Timeline

Because there has been very little interaction between the three separate entities over the last two years, and never a quorum of members of each governing body, I wanted to briefly summarize the School Board’s understanding of the timing of this consideration of the Old Middle School site for a new county facility:

April 1, 2013

Supervisor Chapman met with Superintendent Greg Dufoe to discuss a possible scenario in reference to utilizing the old middle school site as a possible site for County administrative offices. The scenario included the razing of the building and utilization of the land, with the gymnasium open to further discussion. The School District has not been officially approached with a formal proposal from the County, but is open to exploring the possibilities. Prior to the presented scenario, we had only informally heard that the school building itself was not an option under consideration of the County Board and there was never any mention of the school grounds. Additionally, we are currently undertaking facility master planning, which should be concluded in the next 60 days.

April 9, 2013

Supervisor Chapman met with City Council members Jon McAvoy and Shirley McAdon, along with City Administrator Brett Klein and citizen and former County Board and City Council member Robert Ockerman. Apparently the scenario presented to Supt. Dufoe was presented in greater detail to the City, and Supv. Chapman was accompanied by a representative of the architecture firm the County has retained for this project.

April 16, 2013

At the regularly scheduled County Board meeting, Supervisor Chapman’s proposed scenario was first discussed publicly and presented to the other supervisors, Mr. Mark Hanson and Mr. Brad Golightly. During the discussions a City representative requested the County delay their referendum vote for 3 months in order for the City and School to conduct its due diligence and respond if the entities could provide the County with a “shovel ready” building site that meets the needs of the County in accord with Supervisor Chapman’s proposal.
April 20, 2013

Superintendent Greg Dufoe sent a request to Supervisor Chapman that a joint session be held with the ADM Board, Adel City Council, and the Dallas County Supervisors. Supervisor Chapman responded favorably to this idea and ultimately this meeting was set.

April 23, 2013

Following notice that the County Board would be open to meet with the City Council and School Board, representatives from the School and City met on April 23, 2013. In summary, both the School and City are extremely interested in pursuing the concept and will make great efforts to expedite examination of the concept and attempt to meet the needs of the County. Proper due diligence in the most expedited manner will take at least 2-3 months to consider all financial, legal, logistical and civic-related factors.

IV. Summary and Discussion

The concept of utilizing the old middle school grounds for Dallas County administrative offices is a very new idea and consideration, as demonstrated by the timeline. The County Board as a whole has yet to request that either entity examine the possibility. I would like to open this meeting up to discussion from all parties. However, I first want to reiterate that we are willing to expend School resources and I believe the City is willing to do the same to explore providing a shovel ready site for the County administrative offices on the grounds of the old middle school, if the County is realistically considering this option.

It is the position of the District that more time is needed to do the following:

1. Allow our facility masterplanning process to complete – target is June, 2013.
2. Based on the results of the masterplanning process, allow for time for the City and District to work together on the details of the County proposal

Again, we are thankful to have the opportunity to discuss in this manner and we open this meeting up for discussion.
