Design Development and Construction Documents for the Stadium Project:
Tom Wollan from FRK reviewed the Design Development and Construction Documents for the stadium project and noted that the Board may want to consider adding the stadium storage building as an alternate of the package of improvements in Phase I as there are cost implications if this is delayed to Phase II as the site work and access to this area would be complicated by the finished track/turf project. It was moved by Book, seconded by Roby to approve the Design Development and Construction Documents with the storage building being bid as an alternate of the Phase I improvements. Motion carried unanimously.

Site Survey – Bishop Engineering:  It was moved by Banwart, seconded by Book to approve the proposal from Bishop Engineering for site work of the ditch on the east side of the school property to verify storm water capacity for $1,500. This is a good development for the project, as the City is not going to require a detention pond for water run off due to the new construction. Motion carried unanimously.

Set Public Hearing for Stadium Project:  It was moved by Roby, seconded by Banwart to set a public hearing for February 8, 2015 at 6:00 p.m. at the Administration Center at 215 N. 11th Street in Adel for the stadium project. It was moved by Collins,
Continuation of regular board meeting held January 11, 2016

seconded by Book to adopt the following resolution stating the public purpose for this practice for the current year. The resolution states:

“The ADM School Board resolves that reimbursing students for part of the cost of an Advanced Placement exam if they receive a qualifying score serves the public purpose in that increasing the number of students who participate in college credit opportunities helps to prepare our students for college.”

Motion carried unanimously.

**Teacher Leadership Coaching (TLC) Positions:** It was moved by Banwart, seconded by Roby to approve the following TLC positions:

- Tiffany Herr  PK-2 Literacy (.5 FTE)
- Jenna Cline  3-5 Literacy (.5 FTE)

Motion carried unanimously.

**Projector in High School Auditorium:** It was moved by Banwart, seconded by Roby to approve the quote from Berg Audio and Video for $10,898.00 to install a video projector in the auditorium. This was the low quote and the one that best met the equipment requirements. This has been an identified need for many years and will be used extensively by the fine arts programs and serve the projection needs for countless ceremonies and events. This is a bond proceed allowable expense. Motion carried unanimously.

**Window Coverings for the Administration Center:** It was moved by Roby, seconded by Book to approve the window coverings quote from Storey Kenworthy for $11,733.22. This is for a total of 58 blinds and installation. Motion carried unanimously.
