INDEPENDENT AUDITOR'S REPORT

To the Board of Education of Adel-DeSoto-Minburn Community School District:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Adel-DeSoto-Minburn Community School District, Adel, Iowa, as of and for the year ended June 30, 2020, and the related Notes to Financial Statements, which collectively comprise the District's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Adel-DeSoto-Minburn Community School District as of June 30, 2020, and the respective changes in its financial position and, where applicable, its cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require Management's Discussion and Analysis, the Budgetary Comparison Information, the Schedule of the District's Proportionate Share of the Net Pension Liability, the Schedule of District Contributions and the Schedule of Changes in the District's Total OPEB Liability, Related Ratios and Notes on pages 7 through 16 and 48 through 53 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Adel-DeSoto-Minburn Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the five years ended June 30, 2019 (which are not present herein) and expressed unmodified opinions on those financial statements. Another auditor previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the four years ended June 30, 2014 (which are not presented herein) and expressed unmodified opinions on those financial statements. The supplementary information included in Schedules 1 through 7 is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated January 11, 2021 on our consideration of Adel-DeSoto-Minburn Community School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Adel-DeSoto-Minburn Community School District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Adel-DeSoto-Minburn Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2020. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

2020 FINANCIAL HIGHLIGHTS

- General Fund revenues increased from \$20,116,819 in fiscal year 2019 to \$20,847,488 in fiscal year 2020, while General Fund expenditures increased from \$19,320,991 in fiscal year 2019 to \$19,759,747 in fiscal year 2020. The District's General Fund balance increased from \$3,293,271 at June 30, 2019 to \$4,381,012 at June 30, 2020, an increase of 33.03%, or \$1,087,741, from the prior year.
- The increase in General Fund revenues was mainly due to increases in state source and local tax revenues received compared to the prior year. The District also received a payment of \$76,076 from the elementary and secondary school emergency relief due to the Covid-19 pandemic. The increase in expenditures was due primarily to an increase in negotiated salaries and benefits. Salary and benefit payments for contracted employees continued during the pandemic shutdown. Savings in expenses were realized in sub costs, transportation, and utilities, which resulted in a lower increase to expenses than expected.
- The District's total net position increased from \$14,289,207 at June 30, 2019 to \$16,616,253 at June 30, 2020. Total revenues increased from \$25,992,243 in fiscal year 2019 to \$26,954,733 in fiscal year 2020, a 3.70% increase, while total expenses increased from \$24,250,935 in fiscal year 2019 to \$24,627,687 in fiscal year 2020, a 1.55% increase compared to the prior year. Revenues from unrestricted state grants increased \$561,825 and property tax revenues increased \$627,044 leading to the increase in total revenues. The increase in total expenses occurred mainly in the other expenses and instruction functions.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of Adel-DeSoto-Minburn Community School District as a whole and present an overall view of the District's finances.

The Fund Financial Statements tell how governmental and business type activities were financed in the short term as well as what remains for future spending. Fund financial statements report Adel-DeSoto-Minburn Community School District's operations in more detail than the government-wide financial statements by providing information about the most significant funds. The remaining financial statements provide financial information about activities for which Adel-DeSoto-Minburn Community School District acts solely as an agent or custodian for the benefit of those outside of the District.

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the District's budget for the year, the District's proportionate share of the net pension liability and related contributions, as well as presenting the Schedule of Changes in the District's Total OPEB Liability, Related Ratios and Notes.

Supplementary Information provides detailed information about the nonmajor governmental funds.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain.

Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; funds do not currently contain capital assets, although they can
Type of deferred outflow / inflow information	Consumption/acquisition of net position that is applicable to a future reporting period	Consumption/ acquisition of fund balance that is applicable to a future reporting period	Consumption/ acquisition of net position that is applicable to a future reporting period	Consumption/ acquisition of net position that is applicable to a future reporting period.
Type of inflow/ outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid

REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net position and how it has changed. Net position is one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net position is an indicator of whether financial position is improving or deteriorating. To assess the District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into two categories:

- *Governmental activities*: Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- *Business type activities*: The District charges fees to help cover the costs of certain services it provides. The District's school nutrition and childcare programs are included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds, or to show that it is properly using certain revenues, such as federal grants.

The District has three kinds of funds:

- 1) *Governmental funds*: Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include the General Fund, the Special Revenue Funds, the Debt Service Fund and the Capital Projects Fund.

The required financial statements for governmental funds include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

- 2) *Proprietary funds*: Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide financial statements. The District's Enterprise Funds, one type of proprietary fund, are the same as its business type activities, but provide more detail and additional information, such as cash flows. The District currently has two Enterprise Funds, the School Nutrition Fund and Childcare Fund.

The required financial statements for proprietary funds include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position and a Statement of Cash Flows.

- 3) *Fiduciary funds*: The District is the trustee, or fiduciary, for the assets that belong to others. These funds include Private Purpose Trust Fund and Agency Fund, as follows:

- Private Purpose Trust Fund - The District accounts for outside donations for scholarships for individual students in this fund.
- Agency Funds - These are funds through which the District administers and accounts for certain funds held for other entities.

The District is responsible for ensuring the assets reported in the fiduciary funds are used only for their intended purpose and by those whom the assets belong. The District excludes these activities from the government-wide financial statements because it cannot use these assets to finance its operations.

The required financial statements for fiduciary funds include a Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position.

Reconciliations between the government-wide financial statements and the governmental fund financial statements follow the governmental fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Figure A-3 below provides a summary of the District's net position at June 30, 2020 compared to June 30, 2019.

Figure A-3 Condensed Statement of Net Position							
	Governmental Activities		Business Type Activities		Total District		Total Change
	June 30,		June 30,		June 30,		June 30,
	2020	2019	2020	2019	2020	2019	2019-20
Current and other assets	\$ 38,794,814	23,156,018	885,662	826,248	39,680,476	23,982,266	65.46%

Deferred outflows of resources	2,524,460	3,041,104	68,751	82,018	2,593,211	3,123,122	-16.97%
Long-term liabilities	43,453,682	30,415,234	265,142	287,447	43,718,824	30,702,681	42.39%
Other liabilities	3,306,979	2,730,935	77,158	60,282	3,384,137	2,791,217	21.24%
Total liabilities	46,760,661	33,146,169	342,300	347,729	47,102,961	33,493,898	40.63%
Deferred inflows of resources	11,435,507	9,372,498	41,659	13,491	11,477,166	9,385,989	22.28%
Net position:							
Net investment in capital assets	12,859,557	10,224,857	88,870	73,849	12,948,427	10,298,706	25.73%
Restricted	8,159,614	8,693,773	-	-	8,159,614	8,693,773	-6.14%
Unrestricted	(5,062,242)	(5,250,318)	570,454	547,046	(4,491,788)	(4,703,272)	4.50%
Total net position	\$ 15,956,929	13,668,312	659,324	620,895	16,616,253	14,289,207	16.29%

The District's total net position increased 16.29%, or \$2,327,046, from the prior year. The largest portion of the District's net position is invested in capital assets (e.g., land, infrastructure, buildings and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with resources other than capital assets.

Restricted net position represents resources subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. The District's restricted net position decreased \$534,159, or 6.14%, from the prior year. The decrease in restricted net position is primarily due to the decrease in the amount restricted for school infrastructure.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements - increased \$211,484, or 4.50%. This improvement in unrestricted net position was primarily a result of the increase in the District's unassigned General Fund balance.

Figure A-4 shows the changes in net position for the year ended June 30, 2020 compared to the year ended June 30, 2019.

	Figure A-4 Changes in Net Position

In fiscal year 2020, property tax and unrestricted state grants accounted for 78.30% of governmental activities revenues while charges for service and operating grants, contributions and restricted interest accounted for 97.91% of the revenue from business type activities.

The District's total revenues were approximately \$26.95 million, of which approximately \$26.00 million was for governmental activities and approximately \$0.95 million was for business type activities. As shown in Figure A-4, the District as a whole experienced a 3.70% increase in revenues and a 1.55% increase in expenses. Revenues from unrestricted state grants increased \$561,825 and revenues from property tax increased \$627,044 to fund the increase in expenses. The increase in expenses occurred mainly in the other expenses and instruction functional areas.

Governmental Activities

Revenues for governmental activities were \$25,999,751 and expenses were \$23,737,835 for the year ended June 30, 2020.

The following table presents the total and net cost of the District's major governmental activities, instruction, support services, non-instructional programs and other expenses, for the year ended June 30, 2020 compared to those expenses for the year ended June 30, 2019.

	Total Cost of Services			Net Cost of Services		
	2020	2019	Change 2019-20	2020	2019	Change 2019-20
Instruction	\$ 13,274,031	13,139,116	1.03%	10,663,254	10,224,462	4.29%
Support services	7,530,487	7,472,070	0.78%	7,441,677	7,406,283	0.48%
Support services	-	3,000	-100.00%	-	3,000	-100.00%
Other expenses	2,933,317	2,730,650	7.42%	2,148,617	1,993,857	7.76%
Total	<u>\$ 23,737,835</u>	<u>23,344,836</u>	<u>1.68%</u>	<u>20,253,548</u>	<u>19,627,602</u>	<u>3.19%</u>

For the year ended June 30, 2020:

- The cost financed by users of the District's programs was \$2,133,814.
- Federal and state governments, along with local sources, subsidized certain programs and projects with grants and contributions totaling \$1,350,473.
- The net cost of governmental activities was financed with \$8,997,771 of property tax, \$1,860,889 of statewide sales, services and use tax, \$11,360,115 in unrestricted state grants, \$260,218 in interest income and \$36,471 in other general revenues.

Business Type Activities

Revenues of the District's business type activities were \$954,982 and expenses were \$889,852 for the year ended June 30, 2020. The District's business type activities are comprised of the School Nutrition Fund and the Childcare Fund. Revenues of these activities were comprised of charges for service, federal and state reimbursements, interest income and other general revenues.

INDIVIDUAL FUND ANALYSIS

As previously noted, Adel-DeSoto-Minburn Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported combined fund balances of \$25,888,509, above last year's ending fund balances of \$11,702,181. The primary reason for the increase in combined fund balances was \$13,645,734 of unspent general obligation bond proceeds received in fiscal year 2020.

Governmental Fund Highlights

- The District's General Fund financial position is the product of many factors. The fund balance increased from \$3,293,271 at June 30, 2019 to \$4,381,012 at June 30, 2020. The increase in fund balance was mainly caused by significant increases in property tax revenues and revenues from state sources combined with a less significant increase in expenditures.
- The Capital Projects Fund balance increased from \$6,313,214 at June 30, 2019 to \$19,568,058 at June 30, 2020. The primary reason for the increase in fund balance was unexpended bond proceeds which will be expended as the new elementary school project is completed.

- The Debt Service Fund balance increased from \$79,129 at June 30, 2019 to \$105,558 at June 30, 2020. Revenues and expenditures did not vary significantly from the prior year.

Proprietary Fund Highlights

- The School Nutrition Fund net position increased from \$383,206 at June 30, 2019 to \$423,049 at June 30, 2020, an increase of 17.37%. Total revenues and expenses were comparable to the prior year.
- The Childcare Fund net position decreased slightly from \$237,689 at June 30, 2019 to \$236,275 at June 30, 2020, a decrease of 0.59%. Revenues from charges for service decreased 16.79%, or \$9,788, total revenues were less than total expenses, causing the slight decrease in net position.

BUDGETARY HIGHLIGHTS

The District's total revenues were \$373,533 less than total budgeted revenues, a variance of 1.37%. The most significant variance resulted from the District receiving less from local sources than originally anticipated.

Total expenditures were less than budgeted, due in part to the District's budget for the General Fund. It is the District's practice to budget expenditures at the maximum authorized spending authority for the General Fund. The District then manages or controls General Fund spending through its line-item budget. As a result, the District's certified budget should always exceed actual expenditures for the year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2020, the District had invested \$32,922,693, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities and transportation equipment. (See Figure A-6) This represents a net increase of 9.51% from the prior year. More detailed information about the District's capital assets is presented in Note 5 to the financial statements. Depreciation expense for the year was \$1,654,165.

The original cost of the District's capital assets was \$51,204,827. Governmental activities accounted for \$50,838,807 with the remainder of \$366,020 accounted for in the District's business type activities.

The largest change in capital asset activity during the year occurred in the construction in progress category. The District's construction in progress totaled \$2,361,369 at June 30, 2020, compared to \$0 at June 30, 2019. The significant increase resulted from construction activities financed by the issuance of voter approved general obligation bonds totaling \$15,750,000 in fiscal year 2020 for construction of a new elementary school.

Long-Term Debt

At June 30, 2020, the District had \$33,620,000 of total long-term debt outstanding. This represents a net increase of 70.10% from the prior year. (See Figure A-7) Additional information about the District's long-term debt is presented in Note 6 to the financial statements.

- The District had outstanding general obligation bonded indebtedness of \$30,975,000 at June 30, 2020.
- The District had outstanding revenue bonded indebtedness of \$2,350,000 at June 30, 2020, payable from the Capital Projects: Statewide Sales, Services and Use Tax Fund.
- The District had outstanding capital loan notes of \$295,000 at June 30, 2020, payable from the Capital Projects: Physical Plant and Equipment Levy Fund.

Total	<u>\$ 33,620,000</u>	<u>19,765,000</u>	<u>70.10%</u>

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of existing circumstances that could affect its financial health in the future:

- The City of Adel has an aggressive tax abatement program which has impacted enrollment growth. Due to the desirability of ADM Schools along with the close proximity to the metro area, enrollment is expected to increase even with the tax abatement program ending in 2020. Enrollment growth generates more funding but the funding is not received until a year later. Due to this lag year in funding, it is difficult to cover all of the added expenses for additional staff and keep the class sizes at a reasonable level.
- The District completed a Facility Master Plan to determine space needs due to continued enrollment growth. This plan was presented to the Board in January, 2019. On June 25, 2019 the voters approved to bond for \$15,750,000 to build a new elementary school. Construction on the new building started in April 2020 and is expected to be completed in July 2021. At the end of 2020 the SAVE Fund had a balance of \$5,262,973. The District will use SAVE dollars to help with the new building costs.
- At the end of 2020 the SAVE Fund had a balance of \$5,262,973. The District will use SAVE dollars to help with the new building costs.
- The District's special education deficit increased from \$522,047 in 2019 to \$775,072 on June 30, 2020. The District is expecting another increase to the deficit at the end of June 2021. This increase will negatively affect the General Fund balance and could impact property tax rates.
- The District was restricted from levying additional cash for several years and was forced to spend down the fund balance. The District did levy for additional cash for 2019 and 2020.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Nancy Gee, Board Secretary/Business Manager, Adel-DeSoto-Minburn Community School District, 215 N. 11th Street, Adel, Iowa, 50003.

ADEL-DESOTO-MINBURN COMMUNITY SCHOOL DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2020

Change in fund balances - total governmental funds (page 22) \$ 14,186,328

Amounts reported for governmental activities in the Statement of Activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are not reported in the Statement of Activities and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. Capital outlay expenditures exceeded depreciation expense in the current year, as follows:

Capital outlay	\$ 4,485,531	
Depreciation expense	<u>(1,641,565)</u>	2,843,966

Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Current year issuances and repayments are as follows:

Issued	(15,750,000)	
Repaid	<u>1,895,000</u>	(13,855,000)

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the governmental funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due. (152,701)

Premiums/discounts on the issuance of bonds are recorded in the governmental funds as they occur, but are amortized over the life of the bonds in the government-wide financial statements. 12,062

The current year District IPERS contributions are reported as expenditures in the governmental funds but are reported as deferred outflows of resources in the Statement of Net Position. 1,132,368

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds, as follows:

Pension expense	(1,803,117)	
Total OPEB liability and related expenses	<u>(75,289)</u>	<u>(1,878,406)</u>

Change in net position of governmental activities (page 19) \$ 2,288,617

ADEL-DESOTO-MINBURN COMMUNITY SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

(1) Summary of Significant Accounting Policies

Adel-DeSoto-Minburn Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve and special education pre-kindergarten. The geographic area served includes the Cities of Adel, DeSoto, and Minburn, Iowa, and the predominate agricultural territory in Dallas and Madison Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Adel-DeSoto-Minburn Community School District has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the District. The District has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations - The District participates in a jointly governed organization that provides services to the District but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Dallas and Madison County Assessors' Conference Boards.

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Position presents the District's nonfiduciary assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Net position is reported in the following categories:

Net investment in capital assets consists of capital assets, net of accumulated depreciation plus unspent bond proceeds and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted net position results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position not meeting the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds. Combining schedules are also included for the Capital Projects Fund accounts.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other revenues that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities and other capital assets.

The Debt Service Fund is utilized to account for property tax and other revenues to be used for the payment of interest and principal on the District's general long-term debt.

The District also reports the following nonmajor proprietary funds:

The Enterprise, School Nutrition Fund is used to account for the food service operations of the District.

The Enterprise, Childcare Fund is used to account for the District's childcare program.

The District also reports the following fiduciary funds:

The Private Purpose Trust Fund is used to account for assets held by the District under trust agreements which require income earned to be used to benefit individuals through scholarship awards.

The Agency Fund is used to account for assets held by the District as an agent for individuals, private organizations and other governments. The Agency Fund is custodial in nature, assets equal liabilities, and does not involve measurements of results of operation.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the District's policy is generally to first apply the expenditure toward restricted fund balance and then to less-restrictive classifications - committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Funds are charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Equity/ Net Position

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents - The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investment in the Iowa Schools Joint Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at amortized cost.

For purposes of the Statement of Cash Flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable - Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is reported as a deferred inflow of resources in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2018 assessed property valuations; is for the tax accrual period July 1, 2019 through June 30, 2020 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April 2019.

Due from Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Capital Assets - Capital assets, which include property, machinery and equipment and intangibles acquired after July 1, 1980 are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Position. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. Acquisition value is the price that would have been paid to acquire a capital asset with equivalent service potential. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Land	\$ -
Buildings	3,500
Land improvements	3,500
Intangibles	150,000
Machinery and equipment:	
School Nutrition Fund equipment	500
Other machinery and equipment	3,500

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Buildings	20-50 years
Land improvements	20 years
Intangibles	3-10 years
Machinery and equipment	5-12 years

Deferred Outflows of Resources - Deferred outflows of resources represent a consumption of net position applicable to a future year(s) which will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension and OPEB expense, the unamortized portion of the net difference between projected and actual earnings on pension plan investments and contributions from the District after the measurement date but before the end of the District's reporting period.

Salaries and Benefits Payable - Payroll and related expenditures for annual contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities.

Advances for Student Fees - Registration and other student fees received by the District for succeeding years which will be recognized as revenue when earned.

Advances from Grantors - Grant proceeds which have been received by the District but will be spent in a succeeding fiscal year.

Unearned Revenue - Unearned revenues are monies collected for lunches that have not yet been served. The lunch account balances will either be reimbursed or served lunches. The lunch account balances are reflected on the balance sheet in the Enterprise, School Nutrition Fund.

Long-term Liabilities - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Position.

Pensions - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Iowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The pension liability attributable to the governmental activities will be paid primarily by the General Fund.

Total OPEB Liability - For purposes of measuring the total OPEB liability, deferred outflows of resources related to OPEB, deferred inflows of resources related to OPEB and OPEB expense, information has been determined based on the District's actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund while the portion attributable to the business type activities will be paid by the Enterprise, School Nutrition and Childcare Funds.

Deferred Inflows of Resources - Deferred inflows of resources represent an acquisition of net position applicable to a future year(s) which will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources consist of property tax receivables and other receivables not collected within sixty days after year end.

Deferred inflows of resources in the Statement of Net Position consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied and unrecognized items not yet charged to pension and OPEB expense.

Fund Equity - In the governmental fund financial statements, fund balances are classified as follows:

Restricted - Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or imposed by law through constitutional provisions or enabling legislation.

Assigned - Amounts the Board of Education or administration intends to use for specific purposes.

Unassigned - All amounts not included in the preceding classifications.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information.

(2) Cash and Pooled Investments

The District's deposits in banks at June 30, 2020 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district. At June 30, 2020, the District had no such investments.

(3) Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2020 is as follows:

Transfer to	Transfer from	Amount
Debt Service	Capital Projects: Statewide Sales, Services and Use Tax	\$ 299,786
Debt Service	Capital Projects: Physical Plant and Equipment Levy	152,261
Activity	General	4,000
General	School Nutrition	26,701
Total		<u>\$ 482,748</u>

The transfer from the Capital Projects: Statewide Sales, Services and Use Tax Fund to the Debt Service Fund was for principal and interest payments on the District's revenue bond indebtedness.

The transfer from the Capital Projects: Physical Plant and Equipment Levy Fund to the Debt Service Fund was for principal and interest payments on the District's capital loan notes indebtedness.

The transfer from the General Fund to the Activity Fund was to reimburse expenses.

The transfer from the School Nutrition Fund to the General Fund was a reimbursement for indirect costs.

(4) Construction Commitment

The District entered into contracts totaling \$17,934,852 for the construction of new elementary school. As of June 30, 2020, costs of \$2,361,369 had been incurred against the contracts. The balance of \$15,573,483 remaining at June 30, 2020 will be paid as work on the project progresses.

(5) Capital Assets

Capital assets activity for the year ended June 30, 2020 was as follows:

	Balance Beginning of Year	Increases	Decreases	Balance End of Year
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 669,715	1,859,266	-	2,528,981
Construction in progress	-	2,361,369	-	2,361,369
Total capital assets not being depreciated	<u>669,715</u>	<u>4,220,635</u>	<u>-</u>	<u>4,890,350</u>
Capital assets being depreciated:				
Buildings	36,104,460	22,380	-	36,126,840
Land improvements	6,631,868	38,674	-	6,670,542
Machinery and equipment	2,947,233	203,842	-	3,151,075
Total capital assets being depreciated	<u>45,683,561</u>	<u>264,896</u>	<u>-</u>	<u>45,948,457</u>
Less accumulated depreciation for:				
Buildings	12,440,823	1,107,120	-	13,547,943
Land improvements	1,654,913	297,202	-	1,952,115
Machinery and equipment	2,267,683	237,243	-	2,504,926
Total accumulated depreciation	<u>16,363,419</u>	<u>1,641,565</u>	<u>-</u>	<u>18,004,984</u>
Total capital assets being depreciated, net	<u>29,320,142</u>	<u>(1,376,669)</u>	<u>-</u>	<u>27,943,473</u>
Governmental activities capital assets, net	<u>\$ 29,989,857</u>	<u>2,843,966</u>	<u>-</u>	<u>32,833,823</u>
Business type activities:

Total OPEB liability	27,714	502	4,444	23,772	-
Total	<u>\$ 287,447</u>	<u>1,126</u>	<u>23,431</u>	<u>265,142</u>	<u>-</u>

General Obligation Bonds Payable

During the year ended June 30, 2020, the District collected an additional debt service levy to advance refund \$65,000 in principal of the 2014 series general obligation bonds maturing May 1, 2028, \$65,000 in principal of the 2014 series general obligation bonds maturing May 1, 2029, \$70,000 in principal of the 2014 series general obligation bonds maturing May 1, 2030, \$70,000 in principal of the 2014 series general obligation bonds maturing May 1, 2031, \$70,000 in principal of the 2014 series general obligation bonds maturing May 1, 2032, \$70,000 in principal of the 2014 series general obligation bonds maturing May 1, 2033, and \$70,000 in principal of the 2014 series general obligation bonds maturing May 1, 2034 when those bonds become callable May 1, 2022 and \$30,000 in principal of the 2015 series general obligation bonds maturing May 1, 2026, and \$30,000 in principal of the 2015 series general obligation bonds maturing May 1, 2027 when those bonds become callable May 1, 2021. The \$540,000 of additional Debt Service tax collected has been placed in irrevocable escrow account certified sufficient to pay the afore mentioned amounts. As a result, \$480,000 of the May 1, 2014 bonds and \$60,000 of the June 25, 2015 bonds are considered defeased in substance and have been removed from the appropriate financial statements and schedules. The District remains contingently liable in the remote possibility the escrow account is insufficient to repay the refunding bonds at the call date. At June 30, 2020, \$540,000 of such bonds are outstanding. The anticipated savings from the surplus levy is \$174,550. Details of the District's June 30, 2020 general obligation bonded indebtedness are as follows:

Year Ending June 30,	Issue dated May 1, 2012			Issue dated May 1, 2014			Issue dated June 25, 2015		
	Interest Rate	Principal	Interest	Interest Rate	Principal	Interest	Interest Rate	Principal	Interest

2025	2.50	130,000	17,000	2.15	130,000	16,434	260,000	33,434	293,434
2026-2029	2.50	550,000	34,813	2.25-2.70	550,000	35,561	1,100,000	70,374	1,170,374
Total		<u>\$ 1,175,000</u>	<u>151,063</u>		<u>\$ 1,175,000</u>	<u>142,375</u>	<u>2,350,000</u>	<u>293,438</u>	<u>2,643,438</u>

The District has pledged future statewide sales, services and use tax revenues to repay the \$3,160,000 of bonds issued March 2016. The bonds were issued for the purpose of financing a portion of the costs of various District construction projects. The bonds are payable solely from the proceeds of the statewide sales, services and use tax revenues received by the District and are payable through 2029. The bonds are not a general obligation of the District. However, the debt is subject to the constitutional debt limitation of the District. Annual principal and interest payments on the bonds are expected to require approximately 16% of the statewide sales, services and use tax revenues. The total principal and interest remaining to be paid on the bonds is \$2,643,438. For the current year, \$240,000 in principal and \$59,966 in interest was paid on the bonds and total statewide sales, services and use tax revenues were \$1,860,889.

The resolution providing for the issuance of the statewide sales, services and use tax revenue bonds includes the following provisions:

- a) All proceeds from the statewide sales, services and use tax shall be placed in a revenue account.
- b) Monies in the revenue account shall be disbursed to make deposits into a sinking account to pay the principal and interest requirements of the revenue bonds for the fiscal year.
- c) Any monies remaining in the revenue account after the required transfer to the sinking account may be transferred to the project account to be used for any lawful purpose.

Capital Loan Notes

During the year ended June 30, 2018, the District issued \$570,000 of capital loan notes with interest rates ranging from 2.65%-2.90% to provide funds for an energy savings project. These notes and the interest will be paid from the Capital Projects: Physical Plant and Equipment Levy Fund. Details of the District's capital loan note indebtedness as of June 30, 2020 are as follows:

Year Ending June 30,	Capital Loan Notes dated April 27, 2018			
	Interest Rate	Principal	Interest	Total
2021	2.82 %	\$ 145,000	8,439	153,439
2022	2.90	150,000	4,350	154,350
Total		<u>\$ 295,000</u>	<u>12,789</u>	<u>307,789</u>

(7) Pension Plan

Plan Description - IPERS membership is mandatory for employees of the District, except for those covered by another retirement system. Employees of the District are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by the Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at P.O. Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general information purposes only. Refer to the plan documents for more information.

Pension Benefits - A Regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment, or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month the member receives benefits before the member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits - A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions - Contribution rates are established by IPERS following the annual actuarial valuation, which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll, based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2020, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the District contributed 9.44% of covered payroll, for a total rate of 15.73%.

The District's contributions to IPERS for the year ended June 30, 2020 were \$1,163,552.

Net Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2020, the District reported a liability of \$9,108,326 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2019, the District's proportion was 0.157294% which was an increase of 0.000040% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the District recognized pension expense of \$1,855,685. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 25,251	327,488
Changes of assumptions	975,632	-
Net difference between projected and actual earnings on IPERS' investments	-	1,026,398
Changes in proportion and differences between District contributions and the District's proportionate share of contributions	301,164	48,869
District contributions subsequent to the measurement date	1,163,552	-
Total	\$ 2,465,599	1,402,755

\$1,163,552 reported as deferred outflows of resources related to pensions resulting from the District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	Amount
2021	\$ 320,204
2022	(115,365)
2023	(114,311)
2024	(167,073)
2025	(24,163)
Total	\$ (100,708)

There were no non-employer contributing entities at IPERS.

Actuarial Assumptions - The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement.

Rate of inflation (effective June 30, 2017)	2.60% per annum.
Rates of salary increase (effective June 30, 2017)	3.25 to 16.25% average, including inflation. Rates vary by membership group.
Long-term investment rate of return (effective June 30, 2017)	7.00% compounded annually, net of investment expense, including inflation.
Wage growth (effective June 30, 2017)	3.25% per annum, based on 2.60% inflation and 0.65% real wage inflation.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Mortality rates used in the 2019 valuation were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Asset Allocation	Long-Term Expected Real Rate of Return
Domestic equity	22.0%	5.60%
International equity	15.0	6.08
Global smart beta equity	3.0	5.82
Core plus fixed income	27.0	1.71
Public credit	3.5	3.32
Public real assets	7.0	2.81
Cash	1.0	(0.21)
Private equity	11.0	10.13
Private real assets	7.5	4.76
Private credit	3.0	3.01
Total	<u>100.0%</u>	

Discount Rate - The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed employee contributions will be made at the contractually required rate and contributions from the District will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments to current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate 1% lower (6.00%) or 1% higher (8.00%) than the current rate.

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net pension liability	\$16,173,447	9,108,326	3,182,180

IPERS' Fiduciary Net Position - Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

Payables to IPERS - At June 30, 2020, the District reported payables to IPERS of \$136,053 for legally required District contributions and \$90,654 for legally required employee contributions withheld from employee wages which had not yet been remitted to IPERS.

(8) Other Postemployment Benefits (OPEB)

Plan Description - The District administers a single-employer benefit plan which provides medical and prescription drug benefits for employees, retirees and their spouses. Group insurance benefits are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

OPEB Benefits - Individuals who are employed by the District and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical and prescription drug benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At June 30, 2020, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	8
Active employees	<u>250</u>
Total	<u><u>258</u></u>

Total OPEB Liability - The District's total OPEB liability of \$990,498 was measured as of June 30, 2020, and was determined by an actuarial valuation dated July 1, 2019.

Actuarial Assumptions - The total OPEB liability in the July 1, 2019 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement.

Rate of inflation (effective July 1, 2019)	2.60% per annum.
Rates of salary increase (effective July 1, 2019)	3.25-16.25% variable based upon years of service, including inflation.
Discount rate (effective June 30, 2020)	2.21% compounded annually, including inflation.
Healthcare cost trend rate (effective June 30, 2020)	6.75% decreasing to an ultimate rate of 4.00% in 2032.

Discount Rate - The discount rate used to measure the total OPEB liability was 2.21% which reflects the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of the measurement date.

Pre-retirement mortality rates are from the RP-2014. Employee Table, projected generationally using MP-2017. Post-retirement mortality rates are from the RP-2014 Healthy Annuitant Table, projected generationally using MP-2017. Annual retirement probabilities are based on varying rates by age and turnover probabilities mirror those used by IPERS.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience studies with dates corresponding to those listed above.

Changes in the Total OPEB Liability

	<u>Total OPEB Liability</u>
Total OPEB liability beginning of year	\$ 986,238
Changes for the year:	
Service cost	83,991
Interest	30,644
Differences between expected and actual experiences	(189,149)
Changes in assumptions	114,291
Benefit payments	<u>(35,517)</u>
Net changes	<u>4,260</u>
Total OPEB liability end of year	<u>\$ 990,498</u>

Changes of assumptions reflect a change in the discount rate from 3.50% in fiscal year 2019 to 2.21% in fiscal year 2020.

Sensitivity of the District's Total OPEB Liability to Changes in the Discount Rate - The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate 1% lower (1.21%) or 1% higher (3.21%) than the current discount rate.

	<u>1% Decrease (1.21%)</u>	<u>Discount Rate (2.21%)</u>	<u>1% Increase (3.21%)</u>
Total OPEB liability	\$ 1,075,728	990,498	910,286

Sensitivity of the District's Total OPEB Liability to Changes in the Healthcare Cost Trend Rates - The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates 1% lower (5.75%) or 1% higher (7.75%) than the current healthcare cost trend rates.

	<u>1% Decrease (5.75%)</u>	<u>Healthcare Cost Trend Rate (6.75%)</u>	<u>1% Increase (7.75%)</u>
Total OPEB liability	\$ 860,419	990,498	1,148,007

OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB - For the year ended June 30, 2020, the District recognized OPEB expense of \$108,552. At June 30, 2020, the District reported deferred outflows of resources related to OPEB from the following resources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	171,759
Changes in assumptions	127,612	15,176
Total	<u>\$ 127,612</u>	<u>186,935</u>

The amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

<u>Year Ended June 30,</u>	<u>Amount</u>
2021	\$ (6,083)
2022	(6,083)
2023	(6,083)
2024	(6,083)
2025	(6,083)
Thereafter	<u>(28,908)</u>
Total	<u>\$ (59,323)</u>

(9) Risk Management

Adel-DeSoto-Minburn Community School District is exposed to various risks of loss related to torts; theft, damage to and destruction of assets, errors and omissions, injuries to employees and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(10) Reconciliation of Governmental Fund Balances to Net Position

Reconciliation of certain governmental fund balances to net position is as follows:

	<u>Net investment in Capital Assets</u>	<u>Debt Service</u>	<u>School Infrastructure</u>	<u>Unassigned/ Unrestricted</u>
Fund balance (Exhibit C)	\$ -	105,558	18,873,669	3,804,260
Capital assets, net of accumulated depreciation	32,833,823	-	-	-
General obligation bond capitalized indebtedness	(17,329,266)	-	-	-

Pension related deferred outflows	-	-	-	2,399,911
Pension related deferred inflows	-	-	-	(1,365,582)
Net pension liability	-	-	-	(8,866,956)
Total OPEB liability	-	-	-	(966,726)
OPEB related deferred outflows	-	-	-	124,549
OPEB related deferred inflows	-	-	-	(182,449)
Net position (Exhibit A)	<u>\$ 12,859,557</u>	<u>-</u>	<u>5,227,935</u>	<u>(5,062,242)</u>

(11) Categorical Funding

In accordance with Iowa Administrative Code Section 98.1, categorical funding is financial support from the state and federal governments targeted for particular categories of students, special programs, or special purposes. This support is in addition to school district or area education agency general purpose revenue, for purposes beyond the basic educational program and most often has restrictions on its use. Any portion of categorical funding provided by the state that is not expended by the end of the fiscal year must be carried forward as a restricted fund balance.

The following is a schedule of the categorical funding restricted in the General Fund at June 30, 2020.

<u>Program</u>	<u>Amount</u>
Home School Assistance Program (HSAP)	\$ 416
Gifted and Talented Programs	131,364
Teacher Leadership State Aid	83,975
Teacher Salary Supplement	40,189
Market Factor	2,970
Career and Technical Education Aid	210
Successful Progression for Early Readers	80,029
Professional Development	64,256
Total	<u>\$ 403,409</u>

(12) Tax Abatements

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

Tax Abatements of Other Entities

Other entities within the District provide tax abatements for urban renewal and economic development projects pursuant to Chapters 15 and 403 of the Code of Iowa. With prior approval by the governing body, this program provides for an exemption of taxes based on a percentage of the actual value added by improvements.

Property tax revenues of the District were reduced by the following amounts for the year ended June 30, 2020 under agreements entered into by the following entities:

<u>Entity</u>	<u>Tax Abatement Program</u>	<u>Amount of Tax Abated</u>
City of DeSoto	Urban Renewal and Economic Development Projects	\$ 29,698

The State of Iowa reimburses the District an amount equivalent to the increment of valuation on which property tax is divided times \$5.40 per \$1000 of taxable valuation. For the year ended June 30, 2020 this reimbursement amounted to \$13,872.

(13) Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the Area Education Agency. The District's actual amount for this purpose totaled \$784,700 for the year ended June 30, 2020 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

(14) Prospective Accounting Change

Governmental Accounting Standards Board has issued Statement No. 84, Fiduciary Activities. As a result of the coronavirus pandemic, GASB has extended the effective dates of recent pronouncements. This statement will be implemented for the fiscal year ending June 30, 2021. The revised requirements of this statement will enhance the consistency and comparability of fiduciary activity reporting by state and local governments by establishing specific criteria for identifying fiduciary activities and clarifying whether and how business-type activities should report their fiduciary activities.

(15) Covid-19

In March 2020, the COVID-19 outbreak was declared a global pandemic. The disruption to businesses across a range of industries in the United States continues to evolve. The full impact to local, regional and national economies, including that of the Adel-DeSoto-Minburn Community School District, remains uncertain.

To date, the outbreak has not created a material disruption to the operations of the Adel-DeSoto-Minburn Community School District. However, the extent of the financial impact of COVID-19 will depend on future developments, including the spread of the virus, duration and timing of the economic recovery. Due to these uncertainties, management cannot reasonably estimate the potential impact to the Adel-DeSoto-Minburn Community School District's operations and finances.

ADEL-DESOTO-MINBURN COMMUNITY SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING
YEAR ENDED JUNE 30, 2020

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except Private Purpose Trust and Agency Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on a GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated function level, not by fund. The Code of Iowa also provides District expenditures in the General Fund may not exceed the amount authorized by the school finance formula.

ADEL-DESOTO-MINBURN COMMUNITY SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - PENSION LIABILITY
YEAR ENDED JUNE 30, 2020

Changes of benefit terms:

There are no significant changes in the benefit terms.

Changes of assumptions:

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Moved from an open 30-year amortization period to a closed 30-year amortization period for the UAL (unfunded actuarial liability) beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20-year period.

**Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards**

To the Board of Education of the Adel-DeSoto-Minburn Community School District:

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Adel-DeSoto-Minburn Community School District as of and for the year ended June 30, 2020, and the related Notes to Financial Statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 11, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Adel-DeSoto-Minburn Community School District's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Adel-DeSoto-Minburn Community School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Adel-DeSoto-Minburn Community School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control, described in the accompanying Schedule of Findings as item I-A-20 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Adel-DeSoto-Minburn Community School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters which are described in the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2020 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Adel-DeSoto-Minburn Community School District's Responses to Findings

Adel-DeSoto-Minburn Community School District's responses to findings identified in our audit are described in the accompanying Schedule of Findings. Adel-DeSoto-Minburn Community School District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Adel-DeSoto-Minburn Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

NOLTE, CORNMAN & JOHNSON, P.C.

January 11, 2021
Newton, Iowa

ADEL-DESOTO-MINBURN COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS
YEAR ENDED JUNE 30, 2020

Part I: Findings Related to the Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

INTERNAL CONTRAL DEFICIENCY:

I-A-20 Gate Admissions

Criteria - An effective internal control system provides for internal controls related to ensuring proper accounting for revenues. Internal controls over safeguarding gate revenues constitute a process, effected by an entity's governing body, management and other personnel designed to provide reasonable assurance over the safeguarding of assets from error or misappropriation.

Condition - We noted that the District does not use pre-numbered tickets for all events that require an admission.

Cause - The District has not implemented gate procedures utilizing prenumbered tickets as a control to ensure all gate money is properly documented, reconciled, deposited, and recorded.

Effect - Lack of utilizing prenumbered tickets as a control over the gate collection process could result in District gate workers not detecting errors in the normal course of performing their assigned functions. As a result, this may provide opportunity for misappropriation.

Recommendation - The District should have internal control procedures established for handling cash for all activity events, including athletic events and communicate the policies and procedures to the individuals involved. The Board would of course, approve any policies that the District's business office should be involved in developing the detailed procedures. At a minimum, the procedures should be:

- a. Cash or change boxes should be established with a specified amount.
- b. The District should use pre-numbered tickets.
- c. Two or more individuals should be involved in the cash collection/ticket sales process. In addition to cash collection/ticket sales procedures, the individuals should be instructed to not leave the cash/change boxes unattended under any circumstances.
- d. At the end of the event, cash should be counted and reconciled (by two or more individuals) to sales/pre-numbered tickets sold including the amount of the beginning cash.
- e. To reconcile, the next unsold ticket number less the beginning ticket number determines the number of tickets sold. This number, times the price per ticket equals total sales. Total sales compared to total collected should reconcile. Variances, if any should be minimal.
- f. A reconciliation form should be completed and signed off by the individuals responsible for counting and reconciling the cash.
- g. The cash and change box should be turned into the Athletic Director (AD) or designee responsible for the "accounting" function at the event.
- h. The AD or designee should be required to take the cash collections to the night depository at the bank or at a minimum, lock the cash collections in the District's vault or other secure location at the District's office for deposit on

the next working day. District procedures should prohibit individuals from taking cash collections home.

- i. A pre-numbered receipt should be issued by the Business Office the next working day in the amount of the confirmed deposit.
- j. Administrative personnel should periodically review/test the process to ensure procedures are working as prescribed.

Response - The District has implemented strategies to control procedures to obtain increased internal controls and will continue to review its procedures to obtain maximum internal control.

Conclusion - Response accepted.

Part II: Other Findings Related to Required Statutory Reporting:

- II-A-20 Certified Budget - District expenditures for the year ended June 30, 2020 did not exceed the certified budgeted amounts.
- II-B-20 Questionable Disbursements - We noted no disbursements that may not meet the requirements for public purpose as defined in an Attorney General's opinion dated April 25, 1979.
- II-C-20 Travel Expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.
- II-D-20 Business Transactions - Business transactions between the District and District officials or employees are detailed as follows:

Name, Title and Business Connection	Transaction Description	Amount
Bart Banwart, Board Member Athletic official	Services	\$910

In accordance with Chapter 279.7A of the Code of Iowa, the above transactions with the Board Member do not appear to represent a conflict of interest.

- II-E-20 Restricted Donor Activity - No transactions were noted between the District, District officials or District employees and restricted donors in compliance with Chapter 68B of the Code of Iowa.
- II-F-20 Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that the coverage is adequate for current operations.
- II-G-20 Board Minutes - No transactions requiring Board approval which have not been approved by the Board were noted.
- II-H-20 Certified Enrollment - No variances in the basic enrollment data certified to the Iowa Department of Education were noted
- II-I-20 Supplementary Weighting - No variances in the supplementary weighting certified to the Iowa Department of Education were noted.
- II-J-20 Deposits and Investments - No instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy were noted.

- II-K-20 Certified Annual Report - The Certified Annual Report was filed with the Department of Education timely and we noted no significant deficiencies in the amounts reported.
- II-L-20 Categorical Funding - No instances were noted of categorical funding used to supplant rather than supplement other funds.
- II-M-20 Statewide Sales, Services and Use Tax - No instances of non-compliance with the allowable uses of the statewide sales, services and use tax revenue provided in Chapter 423F.3 of the Code of Iowa were noted.

Pursuant to Chapter 423F.5 of the Code of Iowa, the annual audit is required to include certain reporting elements related to the statewide sales, services and use tax revenue. Districts are required to include these reporting elements in the Certified Annual Report (CAR) submitted to the Iowa Department of Education. For the year ended June 30, 2020, the District reported the following information regarding the statewide sales, services and use tax revenue in the District's CAR:

Beginning balance		\$ 5,741,719
Revenues:		
Sales tax revenues	\$ 1,860,889	
Other local revenues	76,393	<u>1,937,282</u>
Expenditures/transfers out:		
School infrastructure construction	290,202	
Land Purchased	1,859,266	
Other	1,812	
Transfers to other funds:		
Debt service fund	<u>299,786</u>	<u>2,451,066</u>
Ending balance		<u><u>\$ 5,227,935</u></u>

For the year ended June 30, 2020, the District did not reduce any levies as a result of the moneys received under Chapter 423E or 423F of the Code of Iowa.

- II-N-20 Student Activity Fund - In accordance with Chapter 298A.8 of the Code of Iowa and Iowa Administrative Code 281-12.6(1), the purpose of the Student Activity Fund is to account for financial transactions related to the cocurricular and extracurricular activities offered as a part of the education program for students. We noted during our audit that the District had four accounts in the Student Activity Fund which appear to be inactive. The accounts include the FCCLA, International Club, SADD, and Hall of Fame Fund accounts.

Recommendation - The District should review these accounts to determine if these groups are still active or if the accounts should be closed out to other groups within the Student Activity Fund per the discretion of the District's Board of Directors.

Response - The District reviewed these accounts to determine if they were still active and removed the inactive accounts recommended.

Conclusion - Response accepted.
