ADM Families,

We are excited to announce some changes in the ADM Preschool at Adel Elementary School. ADM Preschool will be applying to join the Statewide Voluntary Preschool Program for four year old students for the upcoming 2022-2023 school year. The goal with this implementation is to provide a large capacity to educate four year old students in our community in a free preschool setting prior to their elementary school years. The opportunity to address early literacy, mathematics and social skills instruction will provide a solid foundation for continued learning in future years.

Application to join the Statewide Voluntary Preschool Program will result in changes to ADM's preschool program offerings. We understand the importance of getting this information out to families early, so you can make timely and intentional decisions about preschool for your child.
